InstaCon 5 is a conference organized by the Austin Literary Arts Maintenance Organization (ALAMO), a 501(c)3 corporation, in support of its literary purposes

What is InstaCon?

InstaCon is one of the ways ALAMO works to encourage strong Science Fiction conventions and conferences in Texas, one of its institutional goals. Over the years, ALAMO has supported this goal in various ways, ranging from intangible aid and advice to monetary grants to existing cons as appropriate. InstaCon 5 is the first in a new round of conferences intended to bring Texas conrunners together to exchange ideas and share experiences. InstaCon 5 will bring together organizers from the strongest, most innovative, newest, and longest-running genre cons in our state, working and learning together to build a better genre con scene in Texas.
